

BOX JOINT AND GROOVE JOINT PLIERS

EGA Master manufactures a wide range of groove joint and box joint pliers, among which the most remarkable are **AUTO GRIP** pliers. They are **extensible multi-position pliers** with a fast adjusting system, designed for most demanding professionals.

Gold Medal
International Inventors
Competition,
Paris 2007

1. The patented fast adjusting button makes easier the position change.

2. The teeth, heat treated, provide adequate wear resistance and a firm grip on all surfaces.

3. Opening selection system avoids involuntary position switching.

4. Non-slip plastic handles ensure a good grip and prevent unwanted slipping.

5. Fast opening up to 1.1/2" in box joint pliers and up to 2" in groove joint pliers.

PATENTED

Multi-position
