

TRANSFORMER PRO

SUITABLE EVEN FOR THE TINIEST TOTS

In terms of safety, the TRANSFORMER PRO corresponds to the TRANSFORMER X-BAG in every detail. The seat can even be used for a child from the age of 9 months with the impact body, without the impact body it can then be used from age three through to twelve. Therefore only one child seat is required for the entire period of the conveyance obligation up to 12 years. The TRANSFORMER PRO is also characterised by maximum ease of use. The impact body is simply secured with the three-point belt and acts like an airbag to provide additional impact protection. In addition to its long useful life, the CONCORD TRANSFORMER PRO's impressive characteristics include convenient size adjustment at the touch of a button and many safety features such as TRIPLE LAYER IMPACT PROTECTION and the TWINFIX SYSTEM.

// Dimensions: L 45 x W 45 x H 63 – 82 cm

- // PROTECTOR SYSTEM with impact cushion for use from the age of nine months to approx. three years
- // VARIOSIZE SYSTEM: headrest height plus height and width of shoulder protectors continuously and simultaneously adjustable at the touch of a button, pneumatically supported
