Date 07.09.2015
Version 2.0

EUCALYPTUS CITRIODORA ESSENTIAL OIL

1. Identification of the substance/preparation and trade name

Trade name: Eucalyptus citriodora essential oil
pure and natural essential oil resulting from ecological agriculture
Utilization: aromatic raw material for cosmetic and professional use
Company identification: **Elemental SRL**, Piata Cazarmii no.15, 410188-Oradea, Bihor-Romania,
Tel/Fax: +40259-436.755, www.elemental.eu
Emergency: RO: numar national pentru cazuri de urgenta: 021 3183606 Institutul de Sanatate Publica
Bucuresti. International emergency number: +49 180 2273-112

2. Hazards Identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008:

Flammable liquids (Category 3), H226 (Flammable liquid and vapour.). Skin irritation (Category 2), H315 (Causes skin irritation.).

Classification according to EU Directives 67/548/EEC or 1999/45/EC

Xi Irritant R10 Flammable, R38 Irritating to skin

2.2 Label elements

Labelling according Regulation (EC) No 1272/2008

Pictogram

Signal word: Warning

Hazard statement(s):

H226 Flammable liquid and vapour. H315 Causes skin irritation.

Precautionary statement(s): none

Supplemental Hazard: none

2.3 Other hazards - none

3. Composition / Information on ingredients

INCI-name: eucalyptus citriodora oil
CAS-number: 85203-56-1 EINECS-no: 286-249-8
Substance: CNS, Complex natural substance (100% pure and natural), essential oil
Main constituents: citronellal, neoisopungeol, isopungeol, citronellol

4. First Aid

After excessive inhalation: Move exposed person to fresh air. Keep the person warm and at rest. Call a doctor in case of persistence or worsening of adverse health effects. If unconscious, place the person in recovery position and call a physician immediately. Ensure good air circulation.

First aid after Skin contact: Remove contaminated clothing. Rinse affected area with plenty of water. Contact a physician if symptoms persist.

First aid after Eye contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 15 minutes. Get medical attention if irritation occurs.

First aid after Ingestion: Rinse mouth with water. Move exposed person to fresh air. Keep the person warm and at

rest. Do not induce vomiting unless directed by medical personnel. If vomiting occurs, keep head down to prevent the passage of vomit into the lungs. Call a doctor in case of persistence or worsening of adverse health effects. If unconscious, place the person in recovery position and call a physician immediately. Ensure good air circulation.

5. Fire-fighting Measures

Suitable extinguishing media:	Foam, dry chemical powder, carbon dioxide, sand or earth
Unsuitable extinguishing	Direct waterjet
Special protective equipment	Avoid vapour inhalation. Keep away from sources of ignition. Do not smoke. Wear positive pressure self-contained breathing apparatus & protective clothing.
Fire and explosion protection	Avoid open flames. Toxic vapours must be avoided during fire. Respiratory protection should be released during fire.
Other information	Closed containers may build up pressure when exposed to heat and should be cooled with water spray.

6. Accidental release measures:

Personal precautions:	Provide adequate ventilation, avoid contact with skin and eye contact. Use individual protective equipment (safety glasses, waterproof-boots, suitable protective clothing). Don't smoke. Prevent any contact with hot surfaces (see rubric 8).
Environmental precautions	Shut off source. Prevent product from entering sewerage, water courses or low lying areas. Take measures to reduce or prevent effects on ground water.
Land spill:	Gather product mechanically if possible. Bind remainings of the product with sand or other appropriate absorbent and remove. Dispose of product and contaminated absorbents in suitable containers, as directed in section 13.
Water spill:	Confine the spill immediately with booms. Warn other ships. Notify port and other relevant authorities. Remove from the surface by skimming or with suitable absorbents. In running waters, apply appropriate dispersants in accordance with local regulation.
Methods for cleaning up:	Contain spilled material, cover with an inert, non-combustible, inorganic, absorbent material and destroy according to the regulation in force.

7. Handling and Storage

Precautions for safe handling:	To avoid splashing into the eyes and mucous membranes and following the arrangement of the workplace and manipulations, wearing glasses and special clothing (gloves...) may be indicated. It is prohibited smoking in areas where they are handled. Do not heat with a naked flame or expose their vapors to a flame or other sources of ignition (eg electrical equipment). Do not abundantly breathe vapors. Large spillages should be contained with sand or inert powder.
Conditions for safe storage:	Store in cool, dry and ventilated area, away from heat sources, sparks and open flames, protected from light in tightly closed original container

8. Exposure Controls and Personal Protection

Material Safety Data Sheet

According to EU Regulation 1907/2006 in the current version

Date 07.09.2015
Version 2.0

EUCALYPTUS CITRIODORA ESSENTIAL OIL

Respiratory protection: Avoid to breath directly on the product. Ensure a good ventilation of the workroom.
Hand protection: Use protective gloves
Eye protection: Avoid contact with eyes. Use eye protectors designed to protect against liquid splashes
Before handling, wear safety goggles in accordance with standard EN166.
Physical protection: Use individual protective equipment

9. Physical and Chemical Properties

Appearance: liquid at room temperature
Colour: pale yellow
Odour: typical
Initial boiling point: 200 °C
Flash point: > +75°C
Relative density at 20°C: 0.858 to 0.878
Refractive index at 20°C: 1.445 to 1.460
Optical rotation at 20°C: -5° to +7°
Solubility(ies): insoluble in water; liposoluble; miscible with ethanol 1/1 vol

10. Stability and Reactivity

Stability: No significant modifications, respecting the storage conditions (see rubric 7).
Reactivity: This product is stable to shock, vibration and pressure under normal conditions of use. In the presence of light and heat, oxidation can occur.
Conditions to avoid: Do not heat to high temperature. Do not expose sealed containers in the sun. Keep away from sources of ignition, flames, sparks.
Substances to avoid: Avoid contacts with strong acids, alkali or oxidizing agents.

11. Toxicological Information

Effect by absorption: no relevant data available
Effect by dermal contact: no relevant data available
Acute toxicity: no data available. Skin corrosion/irritation: no data available. Serious eye damage/eye irritation: no data available. Respiratory or skin sensitisation: no data available. Germ cell mutagenicity: no data available.
Carcinogenicity
IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
IFRA restrictions: Not specifically regulated. Some of its components may be affected by the Code of Practice of IFRA
Residual solvents: not applicable

12. Ecological Information

Prevent contamination of soil, ground and surfacewater. Biodegradability not determined. PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

13. Disposal Considerations

Recommendation: In accordance with local environmental laws. Avoid disposing into drainage systems and into the environment.

14. Transport Information

UN no: 1993
Road (ADR/RID): Class 3. Packing gr.III. FLAMMABLE LIQUID, N.O.S.
Air (IATA/ICAO): Class 3. Packing gr.III. FLAMMABLE LIQUID, N.O.S.
Sea (IMDG): Class 3. Packing gr.III. FLAMMABLE LIQUID, N.O.S. Marine pollutant: no

15. Additional Regulatory Information

This Safety Data Sheet has been prepared in accordance with Annex II to Regulation 1907/2006. The labeling particulars are given in sections 2 and 16.

Chemical safety assessment: was not carried out

16. Other Information

DECLARATION OF ALLERGENS

7th Amendment to Directive 76/768/EC, annex III, part I (2003/15/EC)
