

Hefmagneten / Magnetic lifters

Eigenschappen

- » Geschikt voor het vasthouden en hijsen van staal materiaal.
- » Sterk magnetisch veld.
- » Met eenvoudig te bedienen hendel.
- » Veiligheidsfactor 1:3.5.

Features

- » Used to hold and release steel plates or iron blocks for lifting or handling operations.
- » With strong magnetic path produced by NdFeB permanent magnet.
- » On and off is controlled by turning the handle without extra power.
