

Circular duct

SR

Description

Circular duct with spiral lockseam.
 Manufactured with diameters between 100 and 1250 mm.
 Starting with diameter 250 has stiffening corrugations
 for increasing rigidity and resistance to negative pressure.

Order code: **SR** **Ød** **L***

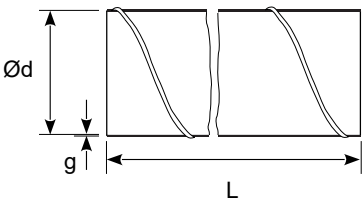

Product code _____

diameter Ød _____

Length L* _____

* L standard = 3000 mm
 Other lengths are available in certain commercial conditions
