## Dimensions

**a** - form side  
**b** - cover side  
**s** - deviation  
**L** - length

Dimensions **a** x **b** are measured without flanges.

**Note:** the designer is responsible for calculating the length **L** in correlation with deviation **s**, so that there are no strangulation that could limit air flow movement.  
The manufacturer does not assume any responsibility for any malfunctions in the ventilation system.
