

S piece for crossing under beam

RTSG

Descriere

Rectangular S piece (deviation) for crossing under a beam.
Delivered with flange profile.

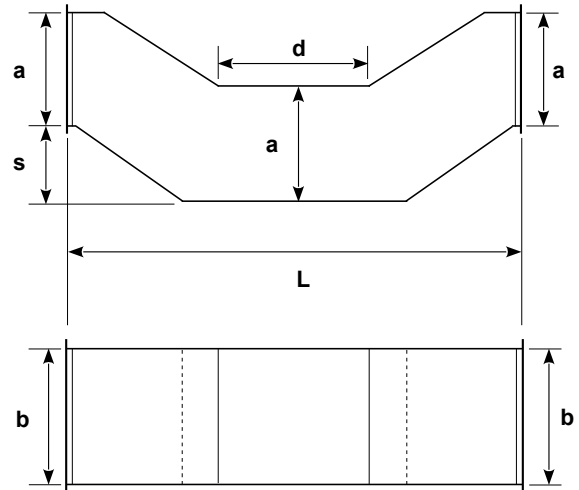

Optional specifications

Flange profile different from standard - **FL...** (extra cost)

Order code:	RTSG	a	x	b	s	d	L	+*
Product code								
a (mm) - form size a								
b (mm) - cover size b								
s (mm) - deviation s								
d (mm) - length of beam crossing d								
L (mm) - length L								

* optional specifications, at extra cost

Dimensions

a - form side
b - cover side
s - deviation
d - length of beam crossing
L - length

Dimensions **a** x **b** are measured without flanges.

Note: the designer is responsible for calculating the length **L** in correlation with length **d** and deviation **s**, so that there are no strangulation that could limit air flow movement.
The manufacturer does not assume any responsibility for any malfunctions in the ventilation system.
