

Animal Ingredients Declaration

Date: 1 August 2019
Subject: Animal ingredients declaration
Version: v 1.0
Product reference: Premium PLA; EasyFil PLA
Type of product: 3D printing filaments

With this declaration Formfutura BV declares for the natural versions of its filaments and/or granules listed in appendix A (hereinafter called 'Products') that:

- They are chemically synthesized
- They do not contain any animal ingredients
- No animal ingredients are used during the production process
- Therefore, to the best of our knowledge, these products are of no risk from BSE (Bovine Spongiform Encephalitis) and TSE (Transmissible Spongiform Encephalopathies)
- They are not derived from any animal or cell culture derived products.

This declaration does not cover users:

- modification of our product by any addition of any other product to it.
- modification of the product resulting from processing of the product.
- inadequate use and/ or storage of the material and of the finished article.

Appendix A

Premium PLA - CC Transparent	EasyFil PLA - Natural	
------------------------------	-----------------------	--

Disclaimer

**) This Declaration of Conformity was prepared according to our present standard of knowledge and may be amended if new cognitions are available and applies only for products mentioned in this document.*
