

Smoke Detector Test Spray

silicone-free
evaporates without leaving residues

WEICON Smoke Detector Test Spray is ideal for a secure checking of the correct functioning of optical resp. photoelectrical smoke detectors and smoke switches.

The spray helps to carry out a functional test without agglutinating the electronics. In this way it is guaranteed that the detector or switch work without disruption. The spray does not contain any solid substances and evaporates without leaving residues. Thus the functionality of the devices is in no way affected.

WEICON Smoke Detector Test Spray can be used in industrial plants, public facilities and private households. It is safe and easy to apply and gentle with regard to the electronics.

Technical data

| | |
|----------------------|--|
| Colour | colourless |
| Odour | solvents (slightly) |
| Shelf life (minimum) | 24 months |
| Special features | silicone-free, evaporates without residues |

Processing

Shake can before use and spray WEICON Smoke Detector Test Spray for about 5 seconds and with a distance of approx. 30 cm towards the smoke detector.

If there is no reaction, testing should be repeated. If there is still no reaction after several tests, the smoke detector is defective and must be replaced.

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

Health and Safety

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.
