

warrant the continuously high quality of our products being free from defects in accordance with and subject to our General Sales Conditions. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

### Health and Safety

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

multifunctional oil with multiple effects

W 44 T® is a multifunctional product which, thanks to its special formula and outstanding creeping capacity, combines corrosion protection, water displacement, lubrication, conservation and cleaning in a single product.

W 44 T® loosens seized threads, bolts, fittings and valves, penetrates and dissolves rust, dispels moisture from electrical contacts, prevents tracking currents and makes it easier to start wet motors. It eliminates squeaky and creaky noises on hinges, guides, bearings and all types of joints and couplings. It cleans soiled metal surfaces and leaves a long-lasting razor-thin film which doesn't smear or stick and does not attract dust. It protects and preserves all types of tools, machines, and electrical and mechanical precision devices and keeps them functional.

WEICON W 44 T® knows almost no limitations in workshop, automotive, shipping, electrical, agricultural, household and hobby applications.

### Technical data

Colour	yellowish
Odour	vanilla
Temperature resistance	-50 bis +210 °C
Shelf life min.	24 months
Special features	multi-function oil
Suitable for use with	Pump dispenser, WSD 400 and WPS 1500

### Processing

Richly brush on or spray on (e.g. with an Air Pressure Can). Allow to react for a short time. Repeat if necessary.

### Storage

Keep in closed original container. Protect from direct solar radiation. Storage temperature may not exceed +50°C. Store container at cool and aired place. Store in a dry place.

### Note

Any product specifications and recommendations given herein must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do
