- DIN68861/1

Interiors

Oil

HARD TOP OIL provides a soft final effect to the surface.

- Clean the surface.

- Apply one coat by handroller, brush or soft cloth.

- After 5-10 min, rag off.

- Let dry for 6-8 hours.

- For very accurate finishings sand with abrasive paper grit 220-240 before applying the second coat.

- Total drying 24 hours.

To refurbish the surface, even partially, rub with and abrasive pad and apply a new veil of oil.
